RE: South Carolina Electric & Gas Company - Annual Review of the Purchased Gas
Adjustments and Gas Purchasing Policies; Docket No. 2006-5-G
Notification of adjustment to cost of gas factors

Dear Ms. Boyd:

By Order No. 2006-679 ("Order"), dated November 13, 2006, issued in the above-referenced docket, the Public Service Commission of South Carolina ("Commission") authorized South Carolina Electric & Gas Company ("SCE&G" or the "Company") to adjust its cost of gas factors monthly pursuant to Paragraph 4 of the Settlement Agreement adopted and approved by the Commission. Pursuant to the approved procedure and before the first billing cycle of each month, SCE&G recalculates its forecast total cost of gas factors to determine whether an adjustment should be made to the current cost of gas factors. If there is no Material Difference (this term is defined in Order Exhibit No. 1 of Order No. 2006-679 and subsequently modified by Order No. 2009-910 issued in Docket No. 2009-5-G) between the newly recalculated gas cost factors and the gas cost factors currently in effect, then SCE&G has the discretion to adjust rates if it believes there would be a reasonable impact to customer bills. If the Company chooses not to adjust the gas cost factors currently in effect, then SCE&G is to notify the Commission, the South Carolina Office of Regulatory Staff ("ORS"), and the South Carolina Energy Users Committee ("SCEUC") that the existing cost of gas factors will remain in effect for the next billing cycle. If, however, a Material Difference exists or the Company chooses to exercise its discretion and adjust its rates, then SCE&G is to notify the Commission, ORS, and the SCEUC of the Company's intent to adjust its gas cost factors beginning with the first billing cycle in the next succeeding month.

In accordance with the approved procedure, the Company has recalculated its forecast total cost of gas factors to be effective with the Company's first billing cycle in January 2011. Based upon the Company's updated calculations, a Material Difference exists between the newly recalculated gas cost factors and the gas cost factors currently in effect. Therefore, SCE&G

(Continued . . .)

intends to adjust the cost of gas factors currently in effect beginning with the first billing cycle in January 2011 to reflect the updated gas cost factors.

In compliance with Order No. 2006-679, this letter serves as notification to the Commission that SCE&G will adjust its cost of gas factors beginning with the first billing cycle in January 2011 to reflect the recalculated gas cost factors. The new total cost of gas factors will be \$0.62240 per therm for Residential, \$0.56817 per therm for Small/Medium General Service, and \$0.72506 per therm for Large General Service. For ease of reference, below is a table reflecting the current total cost of gas factors and the updated total cost of gas factors.

Customer Classes	Current Total Cost of Gas Factors	Total Cost of Gas Factors effective on and after the first billing cycle in January 2011
Residential	\$0.64129	\$0.62240
Small/Medium General Service	\$0.55628	\$0.56817
Large General Service	\$0.64704	\$0.72506

The updated total cost of gas factors will remain in effect until further updated by the Company pursuant to the methodology set forth in Orders Nos. 2006-679 and 2009-910.

In support of the new cost of gas factors, enclosed for filing are updated versions of Exhibits A and B to Order Exhibit No. 1 of Order No. 2006-679. Also enclosed for filing are updated firm rate sheets reflecting the recalculated gas cost factors.

To complete our files, please indicate that these new tariff sheets, including the new rate factors therein are consistent with Order No. 2006-679 and 2009-910 by including on the face of each new tariff sheet the legend "Filed and Implemented pursuant to Commission Order No. 2006-679 and 2009-910" which will constitute conclusive evidence that the new rates are consistent with the approval granted in the Order and are to be implemented as filed.

By copy of this letter and in compliance with the Order, I am also notifying ORS and the SCEUC of the updated cost of gas factors. In addition, I am providing them with copies of updated versions of Exhibits A and B as well as the updated firm rate sheets.
